

SIGRID AND THE DRAGON

with Anna Rynefors

Stage 4 x 5 m (13 x 16 ft)

Usually, Anna brings her own sound equipment, consisting of one wireless headset for talking/singing and one wireless mic for the various instruments, but the organizer is of course welcome to provide their own equipment if they should so prefer. If there are speakers or built-in PA in the venue, it is preferable to connect Anna's system to that.
